

Meta Data Structure about Centralized Database

Base Table.

It has all the details of every person who was enumerated in the last status of the survey 2004. This includes people who are living in DSS and ever lived.

HouseholdID and IndividualID, which identify the geographical location, are disclosed.

Inputs:

PID	FID	MID	HHID	DOB	AGE	POB	SEX	OCC	MS	EDU
-----	-----	-----	------	-----	-----	-----	-----	-----	----	-----

PID	:	Permanent ID
FID	:	Father ID
MID	:	Mother ID
HHID	:	House Hold ID
DOB	:	Date of Birth
POB	:	Place of Birth
SEX	:	M/F to be represented as 01/02
OCC	:	Occupation
MS	:	Marital Status
EDU	:	Education Status

Note:

- In POB, SEX, OCC, MS and EDU fields data will be entered in integer format like 01, 02, 03 as per Index 2.3
- From POB field System Automatically calculates the age of person.
- **PID** in Base table is Primary Key, which is Unique for each individual.
- **HHID** acts as the Unique Key connecting all the tables namely Birth, Death, In-Migration and Out-Migration.
- While generating Reports all the details of this table will be included with Birth, Death, In-Migration and Out-Migration tables.

Birth Registration form.

Inputs:

PID	TOB	DAB
------------	------------	------------

PID : Permanent ID
TOB : Type of Birth
DAB : Delivery Attended By

Note:

- **PID** in Birth table is foreign key referring Primary Key in Base Table.
- TOB and DAB fields will be entered in integer format like 01, 02, 03 as per Index 2.3

Death Registration form.

Inputs:

PID	RS	RSOD	AAD	POD	REL	DOD	DC
------------	-----------	-------------	------------	------------	------------	------------	-----------

PID : Permanent ID
RS : Resident Status
RSOD : Reason of Death
AAD : Age at death
POD : Place of Death
REL : Relation
DOD : Date of Death
DC : Death Certify

Note:

- **PID** in Death table is foreign key referring Primary Key in Base Table.
- RS, RSOD, POD, REL and DC will be entered in integer format like 01, 02, 03as per Index 2.3

In-Migration Registration form.

Inputs:

<u>PID</u>	RSM	FROM	DOMI	RWFH
-------------------	------------	-------------	-------------	-------------

PID : Permanent ID
RSM : Reason for this Mobility (IN-Migration)
FROM : Where did you come from?
DOIM : Date of In-Migration
RWFH : Relation with Family Head

Note:

- **PID** in In-Migration table is foreign key referring Primary Key in Base Table.
- RSM, FROM, and RWFH fields will be entered in integer format like 01, 02, 03 as per Index 2.3

Out-Migration Registration form.

I don't clear on your suggestion about the date. Since Kanchanaburi collected data once a year, the interview date will be only during June and July every year. Please have a look on the dataset. If you need me to do adjust the retrieved data, please let me know.

Inputs:

<u>PID</u>	RSM	DOMI
-------------------	------------	-------------

PID : Permanent ID
RSM : Reason for this mobility (Migration)
DOOM : Date of Out-Migration

Note:

- **PID** in Out-Migration table is foreign key referring Primary Key in Base Table.
- RSM and DOOM fields will be entered in integer format like 01, 02, 03 as per Index 2.3

Index 2.3: Definitions, Acronyms and Abbreviations

Common codes for Centralized Data-Sharing System

Male	01
Female	02
Yes	01
No	02
Missing Values	Null
Not Applicable	77
Not Known	88
Dead	99
Date of Birth	yyyy-mm-dd
Age	Years, Months and Days
Permanent ID	Country code (3) + Village (3) + Street (3) + House Hold (4) + Individual No (2).
Family ID	Village (3) + Street (3) + House Hold (4)

Country Codes:

Vadu-India should be stored as IND with digits as 106.

Kanchanaburi-Thailand Should is stored as KAN with digits as 103.

Papua-New Guinea should be stored as PNG with digits as 003.

Village Names should be stored in 3 Digit Format.

Street Names should be stored in 3 Digit Format.

House Hold Id should be stored in 4 Digit Format.

Last 2 digits for each individual in the family.

Birth Registration Form:

Code	Place of Delivery
01	Home
02	Public Hospital
03	Private Hospital
04	During Transit
05	Others

Code	Birth attended by
01	Trained Birth Attendant
02	Untrained Birth Attendant
03	Doctor
04	Nurse
05	Others

Death Registration Form

Code	Resident Status of the deceased
01	Resident
02	Visitor (to some household)
03	Visitor (to some household)

Code	Certified by
01	Village Head or Gram Sevak
02	Doctor
03	Other

Age of Deceased

Years, Months and Days

Occupation

Code	Description
000	No occupation / unemployed / search to job
001	Housewife / head of a family
002	Children age 4 - 14 years and not education
